

What are the two secrets that will rip the mask from Obama's young face and reveal his charade

for what it is—phantom liberalism?

Floyd Brown has the answers!

And who better to begin the unmasking than Floyd Brown, the man who has loyally served the conservative cause since the Reagan years. Floyd's search for the real man behind the mask took him onto 3 continents, into the slums of South Chicago, up into New York's power suites, and out to Hollywood...

Floyd had no interest in attacking Obama with base accusations or wild smears. He aimed for the simple facts...

But what he uncovered – especially ***two plots being hatched by George Soros and David Geffen to steal the White House for Obama – were the most damning things we've ever seen in politics.***

There are several good books on Obama, and I applaud them all. But ***no other book reveals these two secret plots, plots which clearly explain how Obama rose to power so quickly and how dearly we'll all pay if he wins.***

These plots could be as damaging to Obama as Deep Throat was to Nixon or Whitewater to Clinton. When these revelations hit the streets, they'll be hotter than a liberal hawking global warming.

If Obama fails in his bid, it will be because of *new discoveries* about the people who brought him into this world, who groomed him for this moment, who now see themselves on the cusp of controlling a superpower—a lifelong dream of these people, these handlers.

So I am asking you to get *Obama Unmasked* and then tell at least five friends to get a copy as well – that's how we'll stop the Obama media machine from rolling right over an unsuspecting electorate.

How Would a President Obama Respond to These Madmen?

Late on the night of January 20, 2009, the next Commander-in-Chief will be driven from the inaugural festivities to the Oval Office where he will be met by a national security staff ready with a ***"Threat Briefing."***

Will the lunatic Iranian President Ahmadinejad be moving nuclear missiles into Venezuela, pointed north?

Will Russian stormtroopers be marching southward, trying to reclaim their lost glory by reigniting the Cold War?

Will Syria's Assad be ready to hammer Tel Aviv through his Lebanese proxies?

And what of the other unhinged madmen in Venezuela, North Korea, the Sudan, Zimbabwe, Burma, and the caves of Afghanistan?

All kinds of bad boys are hanging around the global water cooler these days...

By his own account, **Obama would consider it a priority to meet at once with every evil thug out there – without precondition.**

A stroll down the Champs Elysees with Ahmadinejad would make a rare photo opp – two men of Muslim heritage, there in an emerging Muslim nation, one of them holding a knife behind his back.

How did America get to the point when a greenhorn like Obama could be within a breath of the Presidency?

And while we're asking...

Why are so many Islamofascists who are sworn to the destruction of America also actively campaigning for Obama?

What special rights would Muslims demand, and receive, from Obama?

After refusing to condemn MoveOn.org for calling General Petraeus a war criminal, how could Obama be an effective

Commander-in-Chief?

These are a few of the foreign policy issues answered in *Obama Unmasked*.

Then there are the questions about the homefront...

After Obama raises taxes the first time but doesn't get the revenue he thinks he needs, will he raise taxes a second time? And how high?

Would Obama put a gun to the head of an unborn child, but ban all other uses of that gun?

One Obama says he will force states to allow same-sex marriages. The other Obama says states can make their own decisions. Which of these two Obama's is lying?

What did Obama promise union bosses to convince them to commit more than ONE BILLION DOLLARS to winning this election?

Will *ObamaCare* drive good doctors out of healthcare and leave us to the mercy of, well, of who?

Do businessmen truly understand the tangle of workplace regulations they'll see from Obama's labor watchdogs?

Will the senior posts in an Obama Administration be filled with nutcase preachers, shifty Chicago radicals, Clinton retreads, or all three?

And, in the final analysis, is it fair to conclude that Obama offers only the simple slogan of "*change*" because he has little else to offer?

Farrakhan fires up Nation of Islam to march for Obama.

Obama's oldest friend in politics is a murderer and unrepentant terrorist. Why are they friends?

He has been completely masked by his handlers in Hollywood, New York, and Washington. His very survival as a candidate now depends on his keeping that mask snugly fit.

That's why *Obama Unmasked* is so important. And that's why your help is desperately needed to rip away the mask and let the voting public see what they'd really be getting with Obama as President.

Please use this opportunity to order at least one copy of *Obama Unmasked*, enjoy a great read, then share it widely!

Why Is Obama Afraid to Admit He Was Born and Raised Muslim?

Being a Black Muslim doesn't disqualify him for running for President, so why won't he be honest about it?

Maybe it's because of what Floyd dug up from Obama's distant and not-so-distant past...

What was Obama's father doing with communist organizers just days before the Cuban Missile Crisis?

What did Obama mean when he described the Muslim call to prayer as "*one of the prettiest sounds on Earth at sunset*"?

Does Obama's supposed conversion to Christianity make him an apostate "*whose blood may be shed*" by the devout nutcases in Islam?

When Obama was a full-time slacker—doing drugs and drinking heavily, did it stunt his development in any way?

Has Obama changed since he spoke of the "*coldness of capitalism*" and told his communist mentor he was "*a spy behind enemy lines*"?

And ***what about Michelle? When she says she's obligated to put blacks before whites, is she just pandering, or is she speaking honestly?***

With the Obamas often not on speaking terms, which of them would be sleeping on the couch in the White House?

One of the Muslim schools Obama attended in Indonesia.

Back when he was an Illinois Senator, why did Obama vote **"Present"** a record-setting 130 times? Is that leadership? Is that "change"?

When Obama did vote on important issues, why did he vote the **"Democratic Socialists of America"** party line every time? (You could call that **"change"** but not the kind we need!)

How easily can Obama be bought? Unsealing the federal indictment against his close pal and fundraiser (and convicted felon) Tony **"the Fixer"** Rezko should reveal plenty.

Earlier we spoke of **two revelations in Obama Unmasked that may well blow the lid off this election. Okay, first, a source close to the mad billionaire George Soros has revealed that Soros is planning...**

Geffen's "November Surprise" Could Trick Millions into Voting for Obama and Make Soros a Fortune.

Soros' lefty candidates have lost the last two elections, and he's pissing mad. He has \$7 billion to spend to get it right this time! He is reportedly **planning to sack the U.S. economy, make himself billions richer, and put Obama in the White House marching to his mad tune. All the details, as well as how you'll be affected financially, are in the book.**

And out on the left coast, Obama has a powerful ally in billionaire Hollywood mogul David Geffen. Nobody knows how to spin a yarn better than Hollywood's finest, David Geffen. And according to our source, he'll be a whirling dervish!

Radical leftists see Obama as their ticket to power—and they are pulling out all the stops. Not just **an October Surprise, but a November Surprise as well. The first from New York, the second from Hollywood.**

We may be in for the craziest election ever, with so many unknowns...

That's why Floyd has worked so hard to peel back the mask and reveal the real Obama, his true political leanings, and what we could expect from an Obama presidency.

Few books are written in hopes of being unnecessary in just a few months—but this is one of those books. Our hope is that this book will be remaindered on November 5th because Obama has been told by voters that he's not ready for such an important job.

Our fear is that voters will say otherwise.

So we're doing our best to make sure we're not stuck in an Obama nation. Can you help?

ABOUT THE AUTHORS

*Floyd Brown gained notoriety with his book **Slick Willy: Why America Cannot Trust Bill Clinton** and his famous "Willie Horton" ad that sank Dukakis in 1988. He also founded Citizens United, served as Executive Director of Young America's Foundation, and worked for four presidential candidates, beginning with Ronald Reagan.*

*After serving as a press aide in the Reagan White House, Lee Troxler wrote **Along Wit's Trail: The Humor & Wisdom of Ronald Reagan**. More recently he wrote and helped produce 3 movies—**Hillary: the Movie**; **On Native Soil: The Documentary of the 9/11 Commission Report**; **FahrenHYPE 9/11**.*

Both authors spend more time in business than politics, but as this election unfolded they were moved to action. They watched as a young Senator with a 1-page resume was lifted up onto the world's mightiest pedestal simply because he was black, handsome, and articulate. So the authors began asking questions...

the White House and their socialist stamp on our nation.

Please decide to help at this time. And if you can help in any other way, do let me know! It would be an honor to talk with you.

P.S. Everyone I speak to agrees that this is Obama's race to lose. He'll win it unless we (1) make our case with passion and (2) recommit ourselves to the ideals and principles we hold dear.
